ABSORBINE® FLYS-X

Flys-X is a versatile, economical, ready-to-use insecticide. It leaves no oily or objectionable residue and can be applied directly to horses, pets, livestock, and barns. Natural Pyrethrins (natural insecticide) and Piperonyl Butoxide protect your animal from flies, lice, mosquitoes, mites, and gnats. It can be applied to surfaces to control cockroaches, ants, beetles, spiders, crickets, cadelles, and mealworms.

No. 22-136 Gallon

BOT EGG KNIFE

4" blade with molded plastic handle.
Removes insect eggs from coat quickly.

No. 13-9

**SOFT & COOL
FLY MASKS**

These masks are made to form fit and seal around your horse's face using only *one* fastener. It also allows the horse full vision without obstruction. Made of a durable, non-abrasive material, which allows ventilation and resists harmful ultra violet rays from the sun. Poly cotton border trim stays soft and flexible for maximum comfort.
